

European Youth Problems

10iCampus

SCHOOL DROP OUTS

TYPE

(the way we have chosen to deal with the case study)

AFFECTS ONLY A FEW PEOPLE

PROBLEM TYPOLOGY

The problem arised because of

- Mobbing
- Friendship
- School fatigue
- Expectations
- Looks
- Intrigues

Actors involved

- Educational guide
- Teachers
- Parents
- A group of students
- One girl, who looked differently
who actually dared to be herself
who dared to fight stereotyping

The occurrence context

Why did the problem occur?

- Misunderstandings
- A party
- Lies
- Bad friendships
- Social medias

Description of the situation

- A girl
- A school life with troubles
- Chose 10th grade to start over and to follow her dreams
- To get good friends she started lying about herself
- The teachers tried to help her
- The counsellor helped her find a new school

Why is it a problem?

- Will she finish the new school?
- Will she be able to follow her dreams?
- Will she be persistent in reaching for her future goals
- Will she be in danger of **DROPPING OUT OF SCHOOL?**

Possible risks

- The role of counselling
- The counsellor's role is an important pill

Erasmus+

- The general aims of the case study are connected to the aim of the EU:

To reduce early school leaving and contribute to a positive long-term development with an increasing number of students at risk fulfilling their education.
